

resource_interface_t

```
graph BT; resource_ctx_t --> resource_interface_t
```

The diagram illustrates an inheritance relationship between two C++ classes. At the top is a gray rectangular box labeled 'resource_interface_t'. Below it is a white rectangular box labeled 'resource_ctx_t'. A blue arrow points vertically from the top of the 'resource_ctx_t' box to the bottom of the 'resource_interface_t' box, indicating that 'resource_ctx_t' inherits from 'resource_interface_t'.
